tweet	It's encouraging to see @POTUS Biden and @ClimateEnvoy Kerry re-establish America's leading role on climate change. I look forward to joining leaders from around the world to talk about some of the most important challenges we need to overcome to avoid a climate disaster.

	tweet	If “Time” wins the Oscar this year, it will be the first documentary directed by a Black woman to do so. Garrett Bradley’s talent makes her worthy of that milestone. This is one of the most intimate movies I have ever seen. #itsTIME https://t.co/37x1gfWZgZ

tweet	Communities of color have been hit hard by COVID-19. One of the reasons why parts of the medical system often fail Black and brown people is because it's not designed with them in mind. Dr. Stephaun Wallace wants to change that. https://t.co/VlaM9385bv
